

I am vehemently against the weakening of of ANY NO CALL laws in Indiana or ANY National NO CALL laws! My wife and I are tired of having to deal with these unwanted and uninvited invasions of our privacy. Please DO NOT let any legislation pass that weakens or deletes any of these current laws. In addition, if I start receiving new calls from anyone, they will be told that I will never DO BUSINESS WITH THEM OR ANY OF THEIR AFFILIATES, AND I WILL BE FILING COMPLAINT AFTER COMPLAINT AFTER COMPLAINT AFTER COMPLAINT (I think you get the picture, the idea being that I don't want to be bothered by those people, and if I am the FCC will be bothered by me and anyone else I can get to write you a letter REQUIRING a written response from your agency).

Thank you for your time and your anticipated cooperation.
